To Whom It May Concern:,

I am writing to recommend Steven Angel as a group leader and facilitator. Twin Town Treatment Centers hires outside therapists and professionals to work with our patients and family members in specialty workshops to enhance their long-term recovery from addiction and alcoholism. Steven Angel from Drumming For Your Life has facilitated for two of our sites on several occasions. Without question his groups and use of drum therapy has had a profound and lasting impact on our patients and their families. The feedback was overwhelmingly appreciative as well as positive. We hope to continue a long and continuous relationship with Stephen and the caring staff at Drumming For Your Life.

Addiction is a complex, multifaceted disease that affects the whole person. It disrupts a person's physical, psychological, interpersonal, emotional and spiritual life. The goal of Twin Town Treatment Center's Intensive Outpatient Program is to initiate a process of recovery through guided practice in making natural, planned changes in behavior, with the anticipated outcome of a chemically free and comfortable lifestyle. Having Steven Angel as one of our presenters has increased our value and provided our members with insight to a unique tool of recovery that is appreciated and treasured. For any additional information needed please feel free to contact me. Thank you for your time.

Sincerely,

Tonia Stephens, R.R.W., A.A.
