Mr. Steven Angel  
2132 Montana Ave.  
Santa Monica, CA 90403

Dear Steven,

On behalf of the MusiCares Foundation, I want to thank you for the *Drum Therapy Workshops* that you have been facilitating with our clients who are recovering from chemical dependency and other addictive disorders.

Last August, I got to see firsthand the amazing affects that your workshop had on the residents of the Genesis Recovery House and was surprised when a few of our more guarded clients began to express themselves in ways that they could not verbalize in a traditional group setting.

As a foundation that believes in the tremendous power of music to heal, we salute your efforts to provide alternative interventions and coping strategies to people recovering from addiction.

Sincerely,

Harold Owens, CADAC
