Testimonials:

Daniel L: I read faster and smoother and understand the story. I used to read fast and didn't understand. Now I read fast and get the story.

Daniella I: I feel like it helped when I read in English class, to read the words fast and understand and remember what I read. I used to stutter and stop more to get it right but I'm getting way better at that.

This is Daniel's dad. I also teach 3rd Grade - Danny was very saddened to leave your class. He really enjoyed it.

Thanks again, Mr. Jaime Longoria

Evelyn G.: I felt like it helped me to read more smoothly and to pronounce hard words. If I see a hard word I can sound it out in my mind easier. I'm more confident and ready in the future when I have to talk in front of people.

Vincent Quijada: I am reading even more smoother and faster.
